My name is Juan. I am a final year student at Multimedia Nusantara University, majoring in Informatics. With a deep interest in technology and design, I am carving a path as a Front-end Developer, specializing in HTML, CSS, and Javascript. Besides coding, I am also interested in becoming a UI/UX Designer to create seamless and visually appealing user experiences. Currently, I am learning Android Studio with a focus on the Kotlin language. With a combination of technical skills and a design-oriented mindset, I am ready to contribute to the fields of software development and user interface design.
